UPDATE ON PROGRESS

- Tanzania was selected as an MCA eligible country in November 2005. In February 2006, a senior MCC delegation visited Tanzania and met with government officials, civil society organizations, and private sector leaders. During that visit, the Government of Tanzania named an MCC Point of Contact to head up the MCA-Tanzania team.
- Since then, the Government has formed a dynamic Steering Committee consisting of senior representatives from government, private sector, and civil society. This committee has seconded members from their respective institutions to a Technical Team dedicated to the Compact development process. Since April, MCC staff have visited Tanzania three times to assist the MCA-Tanzania team in the proposal development process.
